Reused rockpool

We're inviting you to create your own rockpool out of items found around the home that might otherwise be thrown out.

By reusing materials or items, you're helping look after the coast by reducing the need for more plastic and other materials to be made.

WHAT YOU WILL NEED

- What features or adaptations help animals on the rocky shore to find their food, breath, protect their Choose something around the house to make your rockpool in. Some examples might be a cereal or tissue box, an ice-cream tub, a flowerpot or egg carton.
- Using the Online resource links on the next page and your own books and research, look up the rockpool habitat and the plants and animals that live there.
- Collect items around the house to make the plants, animals, rocks, sand and other parts of your rock-pool. Below is a list of items and other materials you could use.
